

Inspired by a large prehistoric ocean that once covered the Moroccan Sahara more than 380 million years ago, we present Absolute. The vivid movements within Absolute mimic the rich sea life once present in the now desolate and austere landscape.

Pressure and heat helped cultivate the striking beauty of Erfoud fossils, much like the pressure and heat necessary for creating beautiful porcelain tile. Designers will delight in the intense complexity of the tile.
Absolute is available in five chic colors and

matching mosaics/trim pieces.

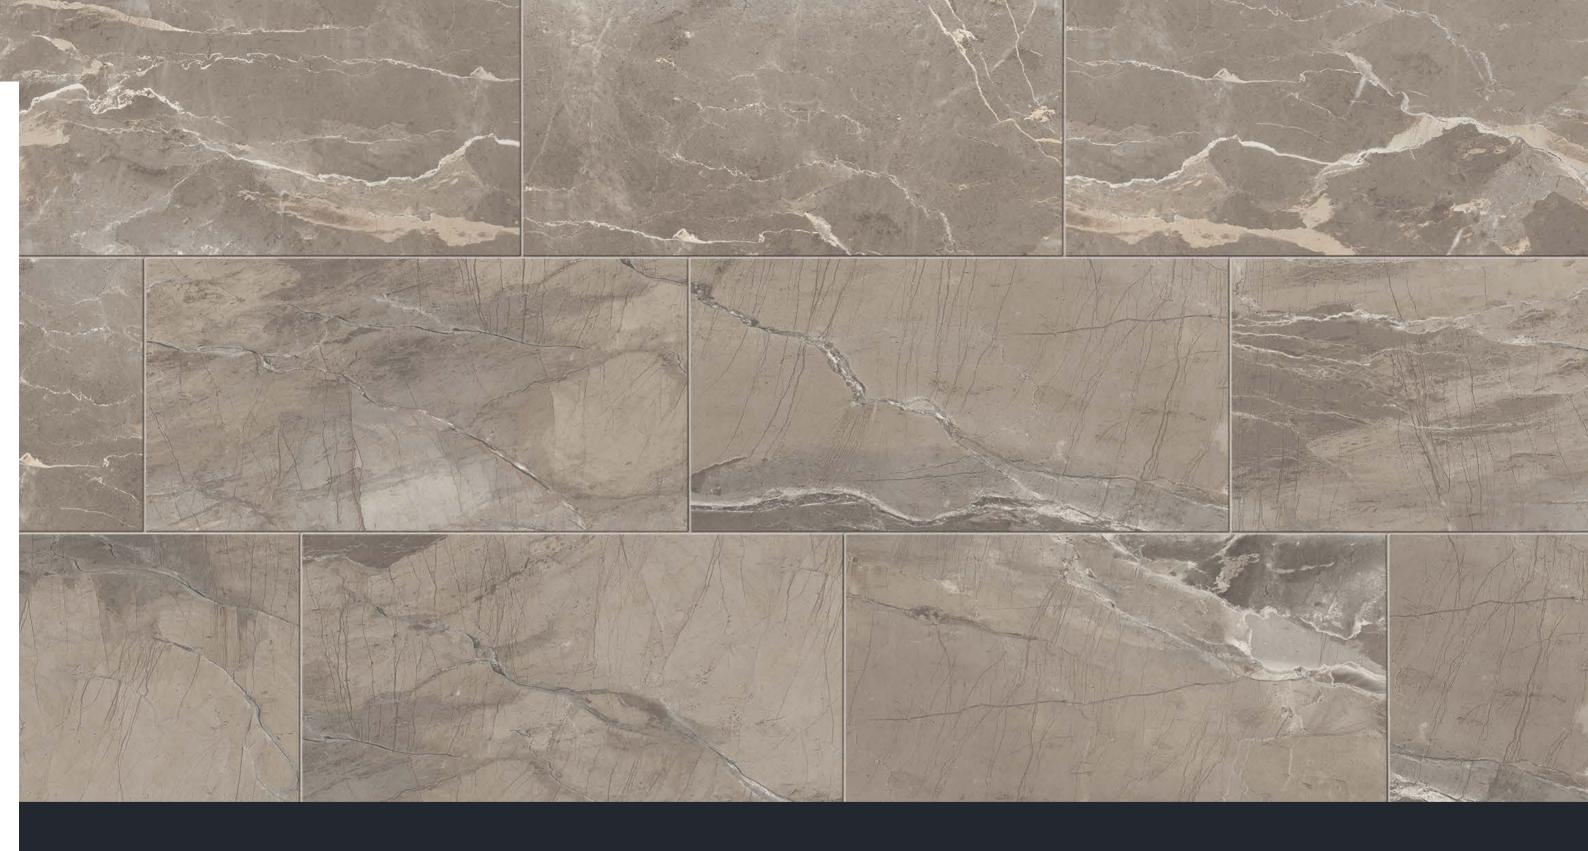

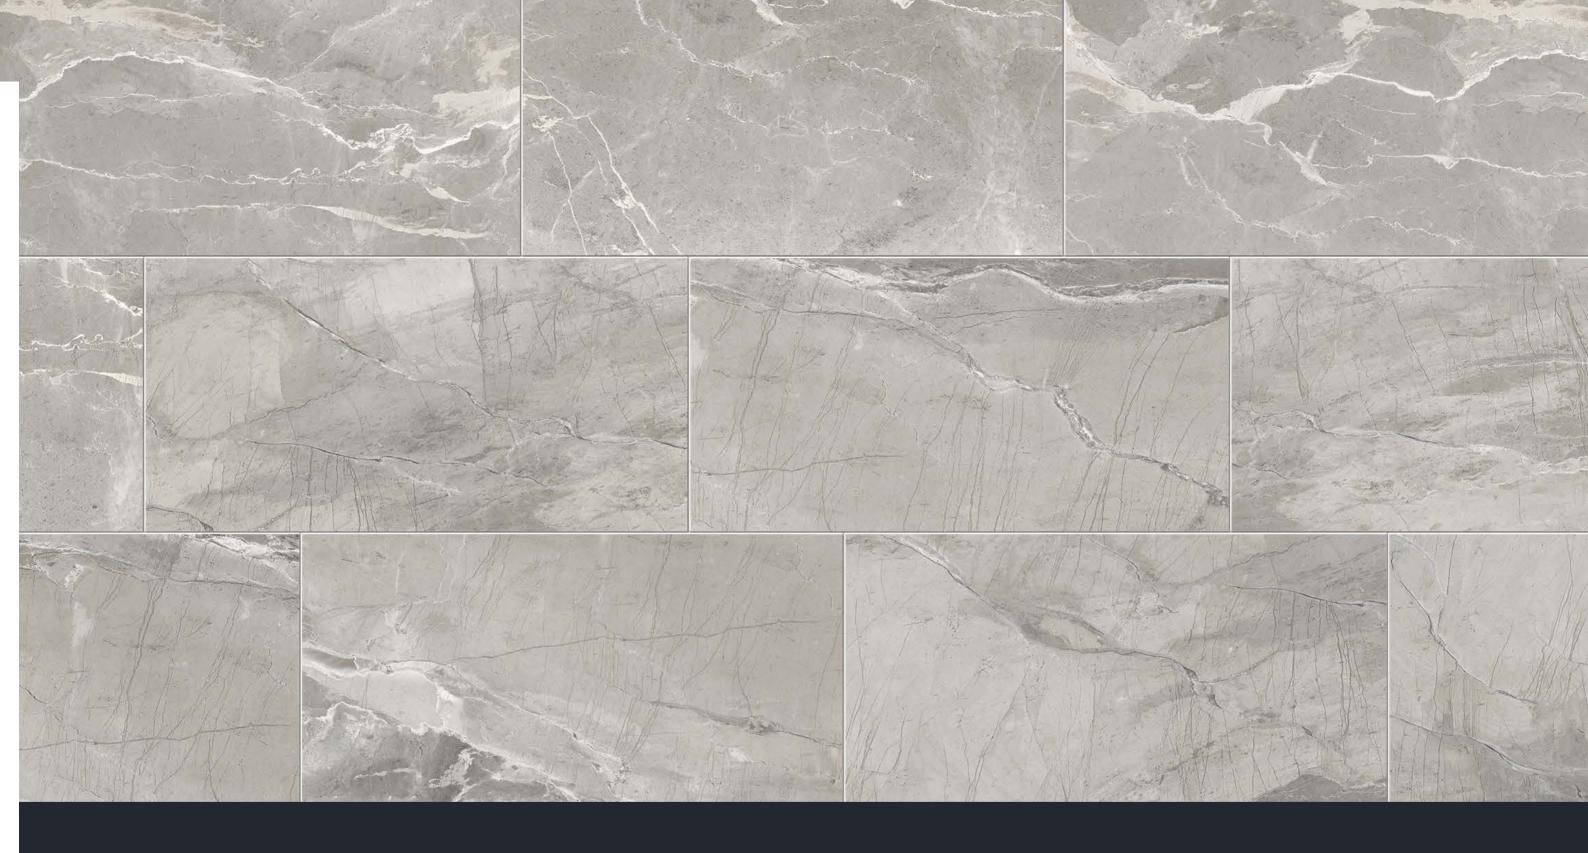

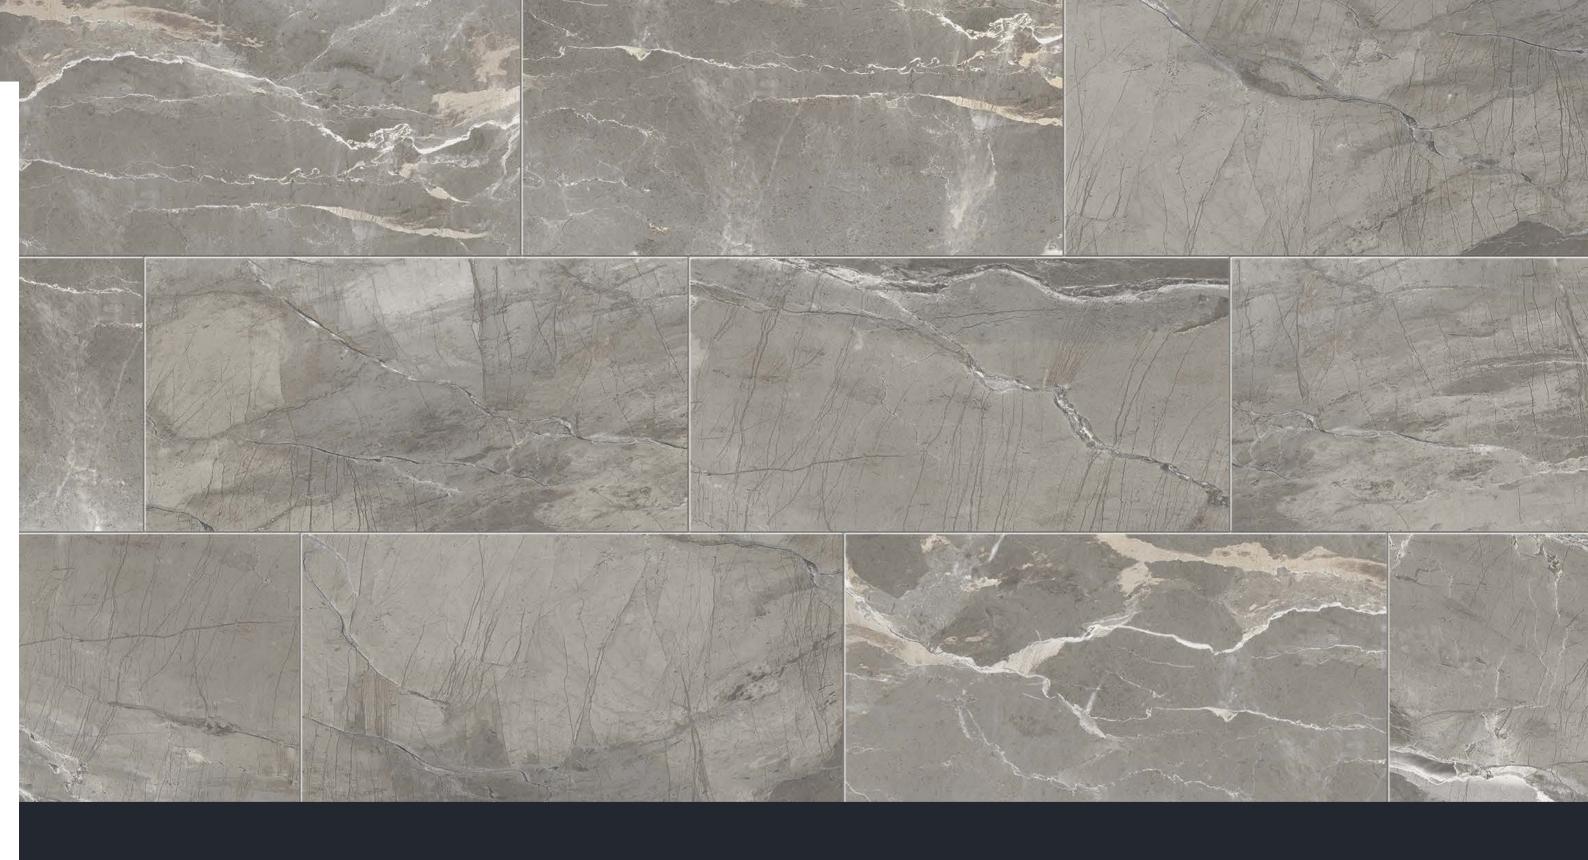

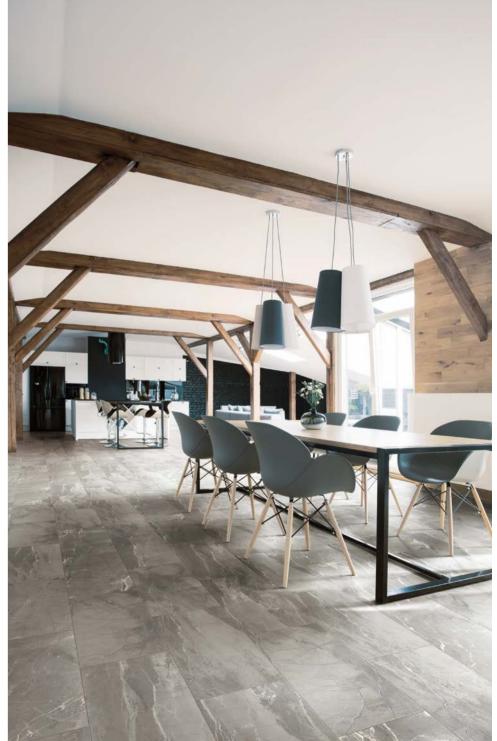

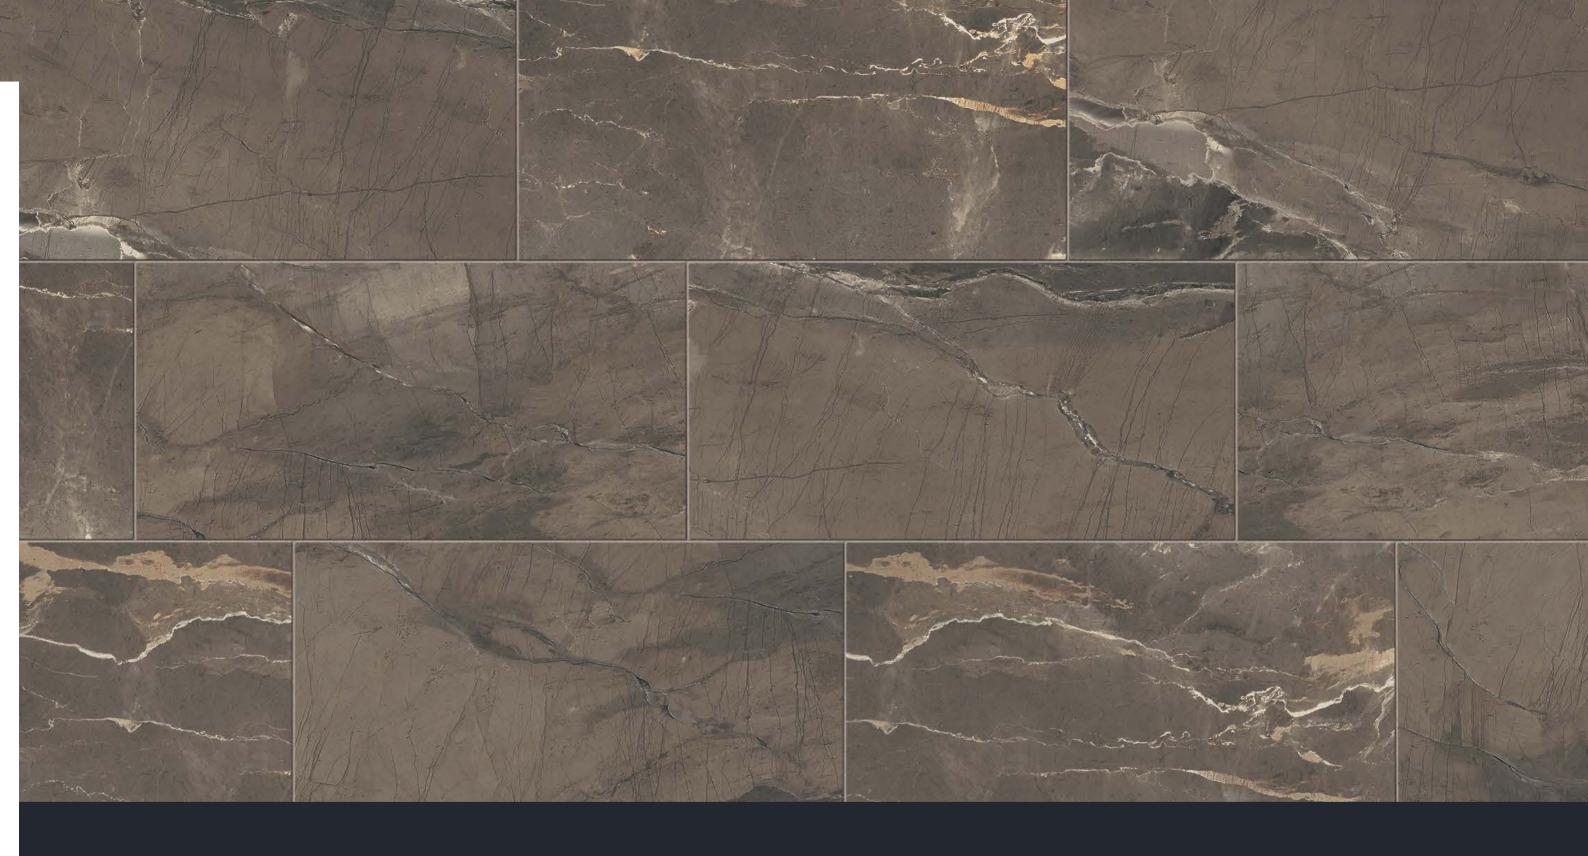

12"x24" / LIGHT GREY

#### sizes:

12"x24" Pressed

1101821 White 1101822 Light Grey 1101823 Dark Grev 1101824 Taupe 1101825 Brown

Colors shown may vary from actual product.
Final selection should be made from actual product samples.

### mosaics & trim pieces:

12"x12" Mosaic (36 dot) 2"x2"

1101836 White 1101837 Light Grey 1101838 Dark Grey 1101839 Taupe

1101840 Brown

3"x24" Bullnose

1101826 White 1101827 Light Grey 1101828 Dark Grey 1101829 Taupe 1101830 Brown

Hexagon Mosaic (12 dot) 3"x3"

1101831 White 1101832 Light Grey 1101833 Dark Grey

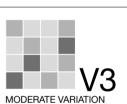

1101834 Taupe 1101835 Brown

UNIFORM APPEARANCE Differences among pieces from the same production run are minimal.

35

SLIGHT VARIATION

Clearly distinguishable differences in texture and/or pattern with similar colors.

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the amount of colors on each piece will vary significantly.

Random color differences from tile to tile, so that one tile may have totally different colors from that on other tiles. Thus, the final installation will be unique.

### Technical Specifications

This product meets or exceeds all standards described in ANSI A137.1 & A137.3. Este product cumple o exceed todos los estandares de ANSI A137.1 & A137.3.

	SPECS	TEST METHOD	INDUSTRY STANDARD	MILE®stone VALUES	
	WATER ABSORPTION	ASTM C373	≤0.5%	≤0.5%	
*	SURFACE WEAR RESISTANCE	ANSI A137.1	Surface Wear-resistance properties of glazed vitreous and porcelain tiles.	ALL RESIDENTIAL / COMMERCIAL	
•	CHEMICAL RESISTANCE	ASTM C650	A tile sample is placed in continuous contact with a variety of chemicals for 24 hours. Sample must show no visible defects.	NOT AFFECTED

<u> </u>	THICKNESS	ASTM C499	Range: ± 0.04 in	≤0.04 in	

<sup>•</sup> Due to the inherent nature of fired porcelain tile, it is important to note that the coefficent of friction may vary within and between product runs.

### Green Memberships & Accreditations

#### **DESCRIPTION**

Red List Free	Declare labels disclose all intentionally added ingredients and residuals present in the final product. Being Red List Free means the worst materials, chemicals, and elements for human and environmental health are not present within our products.
hpd version 2.0	The Health Product Declaration Collaborative transparency declaration for all of Florim USA's naturally occurring materials.
EPD®	Certification of plant and product specific Environmental Product Declaration (EPD) which tracks environmental impacts from the production of porcelain tile.
G GREEN SQUARED	Tile Council of North America and the American National Standards Institute's standard for sustainability and environmental impact.
GREENGUARD  MANY TO FET THE THE THE THE THE THE THE THE THE T	Underwriter's Laboratories certification of low emitting materials. Florim USA is Green Guard Gold certified.
Solotoled Course	Defines post-consumer content of as much as 3% recycled material which reduces landfill impact. Certified by Bureau Veritas.
Echoled Course	Defines pre-consumer content of as much as 45% recycled material which reduces our carbon footprint. Certified by Bureau Veritas.
INTERNATIONAL LIVING FUTURE INSTITUTE	Florim USA's sustainability and social practices support the mission of The International Living Future Institute which strives to create a socially just, culturally rich, and ecologically restorative community.
TEMBER P	USGBC is committed to suit a more sustainable life. Florim USA supports this mission by manufacturing products which aid architects in achieving USGBC certification.
	Florim USA sources >95% raw material within a 500 mile radius, which results in a smaller carbon footprint.
TILE COUNCIL OF NORTH AMERICA, INC.	Florim USA actively participates in the Tile Council of North America which allows us to be on the forefront of advances in the tile industry and its standards.
A A A A A A A A A A A A A A A A A A A	The Tennessee Recycling Coalition is dedicated to promoting recycling and sustainable material management practices, and awarded Florim USA the Tennessee Recycler of the Year award for 2020.
ISO 9001 Outly Management Spelanis CERTIFED  Dis 14001 Environmental Management Spelanis CERTIFED  CERTIFED	ISO 9001 & ISO 14001 are globally recognized standards. ISO 9001 certifies that Florim USA products and practices continually meet and exceed customer and regulatory requirements. ISO 14001 certifies that Florim USA complies with environmental regulations and that it's manufacturing practices are environmentally conscious.
BENEFIT	Florim USA updated its corporate charter in 2022 to become a Benefit Corporation. Our company is committed to maintaining this designation through initiatives focused on sustainability, social responsibility, ethical business practices and transparent, annual reporting on our social and environmental performance.

### Progress that invests in the entire society

As an active member of the U.S Green Building Council, MILE\*stone spreads awareness to the community and encourages the use of building solutions through environmentally friendly practices.

Our products positively contribute to the requirements for obtaining the LEED (Leadership in Energy and Environmental Design) and WELL (IWBI) certifications.

## A commitment to environmental sustainability and responsibility

We are committed to conscious development that minimizes the negative impact of manufacturing production on the environment. Our general approach to sustainability intersects with our business strategy to embrace three areas of responsibility: economic, social, and environmental. Some ways we prove this are:

- Products containing as much as 45% recycled content.
- Post-consumer recycled content levels as much as 3%.
- Zero industrial wastewater discharge.
- A 99% internal process recycling rate.
- Local sourcing of >95% raw materials (within 500-mile radius of factory) resulting in low transportation related carbon emissions.

MILE\*stone is taking these and other steps, as well as actively investing to reduce carbon emissions to ensure that we reach full carbon neutrality.
